

The background of the image shows a dimly lit wine cellar. On the left, a glass of red wine is partially visible. The rest of the image is filled with the curved, weathered surfaces of large wooden barrels, creating a sense of depth and tradition.

MARCHIVE

TONNELIERS DEPUIS 1876

Dedicated to fine red wines, *Marchive Ritual "R"*, was developed to meet the needs of customers seeking a boisé that is very respectful of the wine, its fruity expression and its terroir, while helping to ensure the its tannins are round and smooth. As well as offering specific oenological and organoleptic qualities, Marchive Ritual "R" was designed to be reproducible, vintage after vintage, almost like a well-practiced and precise ritual.

A LEGACY OF VARIOUS EXPERTISE

Using the savoir-faire of our stave-makers we have been able to create a blend of wood from a very special selection. The stave wood is seasoned for 24 months.

Thanks to the savoir-faire of our coopers, we were able to develop and perfect a long toast specifically for fine red wines.

- ⌘ Selection of extra-fine grains
- ⌘ Respect toast: low temperature, prolonged toasting and very precise water spraying cycles

THE *Ritual*[®] RANGE FOR RED WINES
